2

Introduction and follow-up of the Projects activities

4

## The project objectives

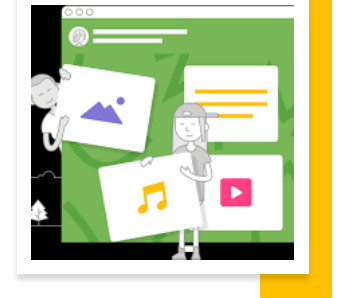

The project will create a partnership aimed at:

- Stimulate European awareness among our adult students
- Strengthens the student creativeness and digital skills
- improve teaching quality
- help develop our students' communicative skills at the European and international level
- Contribute to recovery in the cultural and creative sectors affected by the Covid-19 pandemic

5

## Activity 2 the design competition

Adult Students and participants from at the classes where the project will be piloted at each partner can voluntarily participate in the design of the project's logotype , brochure and handout calendar

7

## Activity 1 the writing competition

6

## Activity 3 the Promotional handout Calendar online contest

Adult students / Participants from the courses/study groups at each partner will join a photo completion.

The aim is to choose several photos taken under the activities of the project by the participants using mobile phones for the projects handout calendar.

8

Activity 4  
the on-line  
promotional  
video contest

Adult students / participants from the pilot courses/study groups will join a video completion to choose video clips taken of the project's activities by the participants using mobile phones

9

The project's  
workshops

- Digital tools for learning contests (Se)
- Digital Photography to enhance learning and self-esteem (PL)
- Roleplaying and dramatization as a learning tool (Cy)
- Elementary video- making for Students with low digital skills using Biteable (IT)

13

Making Interactive online presentation with Mentimeter

15

### Making interactive online quizzes with Kahoot!

14

### What is Mentimeter

- Mentimeter is designed to help users in engaging and interacting with target audiences in real-time through polls. With Mentimeter you can:
- 1. build interactive presentations with the easy-to-use online editor. Add questions, polls, quizzes, slides, images, gifs and more to your presentation to create fun and engaging presentations.
  - 2. Engage your audience by using their smartphones to connect to the presentation where they can answer questions. Visualize their responses in real-time to create a fun and interactive experience.
  - 3. You can share and export your results for further analysis and even compare data over time to measure the progress of your audience.

16
